

FLORIDA EMPLOYEE LEASING COMPANY CLIENT COMPANY EXCLUSION ENDORSEMENT

As used in this endorsement, an employee leasing arrangement is an arrangement whereby a leasing company assigns its employees to a client company and allocates the direction of and control over the leased employees between the leasing company and the client company. The employer named in Item 1. of the Information Page providing employee leasing services will be referred to as an "employee leasing company." The entity receiving the services will be referred to as a "client company."

This endorsement is used to exclude workers you lease as an employee leasing company to specified client companies from your policy, because the policy only covers your direct (non-leased) workers. Your policy, to which this endorsement is attached, does not provide coverage for workers you lease to any client companies listed below or others added subsequent to policy issuance even if not endorsed on the policy. Any changes to such information must be reported to the carrier immediately.
